## Description

CAP MED BOAT & YACHT CONSULTING presents this RAND Play 24, built in 2022 and delivered in 2023, a modern Scandinavian-style day boat designed to enjoy days at sea with comfort, simplicity and elegance. This model stands out with her clean design, grey hull and deck, Pecan upholstery and well-designed outdoor layout. The forward cockpit convertible into a sunpad, cup holders, aft sunpad, cockpit refrigerator, aft deck shower, premium swim ladder and Bimini Top create an ideal setup for days at anchor and coastal cruising. Powered by a 250 hp Mercruiser 4.5L inboard engine equipped with the Mercury SeaCore Saltwater Protection System, she shows 280 engine hours. The engine was serviced by a Mercruiser agent in April 2026 and the antifouling was also completed in April 2026, making her a ready-to-go boat. Her equipment package is well suited to a premium day boat: B&G Zeus GPS chartplotter, B&G depth sounder, bow thruster, electric windlass with anchor equipment, 230 V shore power, battery charger, 12 V USB socket, navigation lights, courtesy lighting, Fusion HiFi Pack and boat cover. With capacity for 10 people, teak cockpit, teak passageways and a very sociable layout, this RAND Play 24 is a strong opportunity for an owner looking for a recent, elegant and easy-to-use boat, perfectly suited to day cruising in the Mediterranean.
