GALEON 420 flybridge

425 000 € ALL TAX INCLUDED

Description

CAP MED BOAT & YACHT CONSULTING presents this Galeon 420 Fly, an elegant, powerful and highly specified flybridge motor yacht, offered in a sought-after 3-cabin layout and fitted with the largest engine option available on this model: twin Volvo Penta D6 435 hp diesel engines, delivering a total of 870 hp while maintaining efficient and controlled operation. This Galeon 420 Fly stands out thanks to her very comprehensive equipment package, designed for comfort, autonomy and onboard living. She features a Paguro 9000 generator, reverse-cycle air conditioning, a hydraulic teak bathing platform, hydraulic passerelle, bow thruster, retractable TV, fully equipped galley, electric grill on the flybridge, an interior refrigerator and an additional flybridge refrigerator. The interior offers a warm and contemporary atmosphere with light oak finishes, wood flooring in the saloon and galley, LED ceiling lighting, refined finishes and a comfortable family-oriented layout. The 3-cabin configuration provides excellent accommodation for family and guests, with a bright saloon, practical galley and living spaces perfectly suited to cruising. The flybridge is one of the yacht's key highlights. The helm station is fully duplicated on the flybridge, offering true outdoor driving comfort. It also includes the refrigerator, electric grill, sunpad areas, bimini and protective covers. The flybridge upholstery has been recently renewed, further enhancing the overall presentation of the yacht. The navigation package is complete, with Raymarine electronics, chartplotter / fishfinder, digital radar, autopilot and Raymarine 260E AIS VHF with antenna. This setup makes the yacht enjoyable to handle, safe and well suited for both family outings and longer cruising programs. The boat benefits from a serious maintenance record, with guaranteed annual maintenance and invoices available. Volvo Penta engine services were carried out in 2025 and again in 2026, with the engines showing
