FAIRLINE Targa 44 GT

285 000 € ALL TAX INCLUDED

Description

CAP MED BOAT & YACHT CONSULTING is pleased to present this 2009 Fairline Targa 44 GT, a hard-top express cruiser from the British yard Fairline, second hand and lying in Marseille, France. At 13.68 metres with a 4.04-metre beam, CE category B for 8 people, she combines the sporty Targa lines with genuine cruising comfort. The drivetrain has been fully refreshed: twin Volvo Penta D6-370 IPS500 (370 hp each) with approx. 1,000 hours, whose two IPS pods were replaced with brand-new units one month ago (only 50 hours) and turbos freshly serviced. The four heat exchangers were replaced last year, the fuel cooler and hoses renewed, and the alternator and starter replaced three years ago. Docking is made easy by the IPS joystick. The accommodation offers 2 cabins and 2 shower rooms with electric toilets, with fully renewed upholstery. Comfort on board is complete: Frigomar 410 reversible air conditioning, freezer, fridge, icemaker, TV and satellite antennas. An additional 400-litre water tank supplements the original 320 litres for longer stays at anchor. Outside: electric hard top (carriage replaced), teak cockpit with cushions, cockpit galley with fridge, sink and hob, hydraulic gangway, bathing ladder and electric windlass with new anchor chain. The helm station features a full Raymarine package: GPS chartplotter, autopilot, depth sounder and radar, plus VHF. Power supply is ensured by an Onan 4.5 kW generator (major service one month ago), a 220 V system with shore power, battery charger and inverter, and an electric bilge pump. A 3D Tender dinghy with a 2-year-old Mercury outboard is available at extra cost. Refreshed drivetrain, careful maintenance and a family-friendly layout: this Targa 44 GT, offered at EUR 285,000 (TTC), is a great opportunity for a Mediterranean programme out of Marseille.
