Description

PARDO 43 "LOLA MANGO" — MODEL YEAR 2027 — ONLY 25 HOURS CAP MED BOAT & YACHT CONSULTING presents this 2027 model-year Pardo 43, an as-new yacht showing only 25 engine hours, immediately available and lying in Bormes-les-Mimosas, France. Designed by Zuccheri Yacht Design for the Italian yard Cantieri del Pardo, this 13.45-metre walkaround with a 4.20-metre beam embodies Italian elegance applied to the luxury day boat: reverse bow, taut lines, teak throughout and remarkably open volumes. She carries the top engine option: twin Volvo Penta IPS 650 (D6 480 hp), paired with the Volvo Interceptor system featuring auto trim, single lever, cruise control, low speed mode, joystick drive and Volvo autopilot. The result is effortless berthing and exceptionally smooth handling. The specification is exceptionally complete. The interior adopts the "Dinette" layout with a forward lounge cabin whose sofa converts into a double berth, a guest cabin with two single berths, a shower room, a drawer fridge and a wine cellar in the aft cabin. The custom finish combines Grey Oak with a contrasting Alpi White floor and Maria Flora Erfoud fabrics, with blackout blinds. On deck, the equipment is that of a yacht built for entertaining: hydraulic retractable gangway, hydraulic bathing platform, aft sunpad with electric opening onto the tender garage, folding bathing ladder, T-top with integrated electric bimini, custom-finished outdoor galley, two fridges in the aft bench, built-in coffee machine and 220 V electric barbecue. Fore and aft sun awnings with removable poles and a windscreen extension complete the protection. Electronics match the standard: three 16" Volvo Glass Cockpit MFD-8616 displays, Garmin 315i VHF, Garmin AIS-800 transceiver, Garmin rear-view camera on the T-top, electric anchoring system with video camera and 50 metres of 10 mm chain, chain counter and master cabin TV pre-wiring. The high-performance
