BENETEAU Swift Trawler 41 Fly

545 000 € ALL TAX INCLUDED

Description

BENETEAU SWIFT TRAWLER 41 FLY — 2023 — 160 HOURS · VAT PAID CAP MED BOAT & YACHT CONSULTING offers this 2023 Beneteau Swift Trawler 41 Fly, showing only 160 engine hours and lying on the Costa Brava. At 13.44 metres overall with a 4.19-metre beam, this fast trawler brings together everything expected of a cruising boat: genuine range, three cabins, two shower rooms and a flybridge that transforms life on board. French flag, VAT included in the price. Power comes from two Yanmar 8LV320 diesels of 320 hp each on direct shaft drive, with just 160 hours since 2023. Handling is assisted by Side-Power bow and stern thrusters, with electronics duplicated at the lower helm and on the flybridge: Raymarine autopilot, Raymarine GPS/chartplotter, Raymarine VHF, Yanmar multifunction display, trim tabs with indicators and rudder angle indicator. Range has been thought through for long-distance cruising: 1,170 litres of fuel, 400 litres of fresh water, a Dessalator watermaker showing 0 hours, a Paguro 4SY generator with only 2 hours, three battery chargers and reversible air conditioning. An automatic fire-suppression system protects the engine room. The deck is carefully finished: non-slip covering on the bathing platform, aft cockpit, side decks and foredeck, bathing ladder, two rod holders aft, sliding cockpit bench, large forward sunpad with reclining seat, remote-controlled electric windlass and a cockpit unit with sink, grill and fridge. Flybridge access is via a teak-stepped ladder from the cockpit. The flybridge is a true outdoor lounge: L-shaped sofa to port, straight sofa to starboard, folding teak table and swivelling helm seat, all sheltered by a bimini and a forward windscreen cover. Inside: wooden floor, U-shaped saloon sofa with folding table, TV, curtains on the access door, side windows and windscreen, and a side door at the helm — a detail that makes all the difference when berthing. The galley is fully equipped:
