## Description

PRINCESS V70 – 2006 – Major Refit Over €250,000 Since 2021 – Twin MAN V12 2 × 1,360 HP We are proud to present this outstanding Princess V70 from 2006, an iconic model from the renowned British shipyard Princess Yachts, celebrated for its build quality, generous volumes and high-performance cruising capabilities. This yacht stands out for its exceptional maintenance history and an extensive refit program exceeding €250,000 since 2021, with survey report and full invoices available upon request. Engines & Performance The yacht is powered by twin MAN V12 diesel engines producing 1,360 HP each, delivering a total output of 2,720 HP, inboard shaft-drive configuration. The engines show 2,850 running hours and have been professionally and meticulously maintained. Major mechanical works carried out include:

- dReplacement of all four turbochargers (since 2021 – approx. €50,000)
- dNew propeller shafts (2024)
- dNew bow and stern thrusters (2024)
- dNew batteries (2024)
- dNew anodes (June 2025)
- dSeacocks and through-hulls inspected

This propulsion package ensures strong performance, excellent reliability and outstanding manoeuvrability, enhanced by hydraulic trim tabs, electronic engine controls, and 5-blade nickel aluminium bronze propellers, perfectly suited for fast and comfortable cruising. Hull, Exterior & Maintenance The yacht presents extremely well cosmetically:

- dFull hull and superstructure polish completed in June 2024
- dHull cleaning and antifouling carried out in June 2025

Overall hull and underwater condition reflect careful ownership and regular professional maintenance. Deck, Cockpit & Outdoor Living One of the key highlights of
